# Academic Appointments

## University of Toronto

Associate Professor (with tenure), Statistical Sciences and Sociology July 2024 – current Assistant Professor, Statistical Sciences and Sociology July 2018 – June 2024 (Maternity leave: April 2019 – December 2019, June 2021 – December 2021)

## Education

Ph.D (Demography), University of California, Berkeley, 2018.

Dissertation: Bayesian Methods for Mortality Estimation. Committee: Josh Goldstein (chair); Ken Wachter; Dennis Feehan; Jas Sekhon.

M.Arts (Statistics), University of California, Berkeley, 2015.

M.Social Research (Demography), Australian National University, 2013.

B.Science (First Class Honors) (Maths and Chemistry), University of Tasmania, 2008.

# **Professional Appointments**

Member, Technical Advisory Group UN Interagency Group for Child Mortality Estimation

April 2023 - current

# Papers

- (\*) denotes student/trainee author
- (+) denotes equal contribution
- (#) denotes senior authorship

# Conference presentations and invited talks

Listed for the past five years.

## $\mathbf{2025}$

**Estimating historical mortality rates using crowd-sourced online geanologies** Statistics Seminar, Imperial College (January)

### $\boldsymbol{2024}$

Estimating childlessness by age: a Bayesian parametric approach Bayesian Methods for the Social Sciences Workshop, University of Amsterdam (October)

Estimating cause of death in data-sparse contexts: recent progress and future challenges

CARONTE workshop on advances in causes of death modelling, University of Padova (July)

#### Estimating stillbirth rates by timing

International Association of Official Statistics (IAOS) - International Statistical Institute (ISI) Meeting (May)

# Balancing different information sources and modeling decisions in the Bayesian estimation of demographic quantities

Population Association of America (PAA) Annual Meeting (April)

### 2023

Balancing different information sources and modeling decisions in the Bayesian estimation of demographic quantities

British Society of Population Studies (BSPS) Annual Meeting (September)

# A Bayesian framework to account for misclassification error and uncertainty in the estimation of abortion incidence

American Sociological Association (ASA) Annual Meeting (August)

Using social media data to estimate migration Joint Statistical Meetings (JSM) (July)

# Estimating stillbirth rates by timing

International Statistical Institute (ISI) World Statistics Congress (July)

Bayesian demography: a brief history, recent applications, and future directions Statistics Seminar Series, University of Washington (April)

# Racial disparities in fetal and infant outcomes: a multiple decrement lifetable approach

Population Association of America (PAA) Annual Meeting (April)

# Racial disparities in fetal and infant outcomes: insights from, and for, formal demography

Demography Seminar Series, Australian National University (June) Nuffield Sociology Seminar Series, Oxford University (March)

### 2022

#### Estimating stillbirth rates by timing

Institute of Mathematical Statistics (IMS) International Conference on Statistics and Data Science (December)

Competing Effects on the Average Age of Infant Death: Reconsidering the Approximation of  $_1a_0$ 

Social Statistics Seminar, University of Manchester (November)

Racial disparities in infant outcomes: insights from, and for, formal demography Social Demography Seminar, *Harvard University* (November)

## Jointly estimating subnational mortality for multiple populations

Bayesian Methods for the Social Sciences Workshop (October) Stellar Stats Workshop, *University of Toronto* (May)

Future Projections of State-Level Foster Care Populations in the United States PAA Annual Meeting (April)

**Reproducibility in Demography** Toronto Workshop on Reproducibility, *University of Toronto* (February)

**Bayesian models and reconciling incomplete demographic data** Demography Seminar, *University of Wisconsin Madison* (February)

## 2021

The future of data-driven demographic research (Panel member) Max Planck Institute for Demographic Research 25th Anniversary (October)

## A Bayesian cohort component projection model for estimating subnational populations

Demography Seminar Series, Australian National University (May) Centre for Population Change Seminar Series, University of Southampton (April) Population Center Brown Bag, Florida State University (February) Space Time Applied Bayesian (STAB) Working Group, University of Washington (February)

## Overcoming barriers to sharing code

Toronto Workshop on Reproducibility, University of Toronto (February)

#### Using social media data to estimate migration

Mathematics and Statistics Seminar, Maynooth University (February)

# Software

Author, rcbayes, R package to estimate and visualize Rogers-Castro migration schedules in Bayesian framework.

https://cran.uib.no/web/packages/rcbayes/

Contributor, *DemoTools*. R package for demographic analysis. https://timriffe.github.io/DemoTools/

# Previous Professional Experience

UN Interagency Group on Stateless Populations Estimation		
Lead statistical consultant	January 2021 – June 2022	
World Health Organization Group on Estima	ation of Causes of Maternal Mor-	
tality		
Lead statistical consultant	January 2019 – December 2020	
World Health Organization		
Consultant	September 2016 – June 2017	
Data Science for Social Good		
Fellow	May $2016 - $ September $2016$	

Human Mortality Database Graduate Student Researcher	January 2015 – May 2016
<b>UNICEF Technical Advisory Group</b> Consultant	March 2014 – July 2015
The Centre for Aboriginal Economic Policy Research Research Officer	April 2012 – December 2014
<b>Reserve Bank of Australia</b> Analyst/Senior Analyst	February 2010 – June 2013
Honors	
IUSSP Early Career Award (North American region)	2025
Max Planck Sabbatical Award	2021-2023
<b>Doctoral Completion Fellowship</b> (UC Berkeley)	2017-2018
<b>Elizabeth Scott Memorial Award</b> ( <i>UC Berkeley</i> ) Statistics MA student showing the most promise in statistical	2015 research.
<b>Regents-Intern Fellowship</b> (UC Berkeley)	2013-2015
Lado Ruzicka Prize in Social Research (Australian Nation Awarded to the most outstanding Master of Social Research of	conal University) 2013 candidate.
<b>W.D. Borrie Prize</b> ( <i>National essay competition, Masters ca</i> For best student paper on a population-related topic.	tegory) 2012
<b>University Medal</b> ( <i>University of Tasmania</i> ) One of three awarded to the most outstanding Science and Te	2008 chnology undergraduates.
<b>Edith Rita Lowenstern Prize</b> (University of Tasmania) Awarded to the most outstanding mathematics honors studen	2008 t.
C	

Service

Editorial and refereeing

Associate Editor: Demographic Research

**Editor**: Special Collection on Formal Relationships, *Demographic Research* (with Josh Goldstein)

Editorial Board: Demography, Canadian Studies in Population

# University

**Panel Member**: International Union of Scientific Study of Populations panel on Digital Demography.

Team Member: Consortium on Analytics for Data-Driven Decision-Making (CAnD3).

## Community and other

**Co-founder and organizer**: Formal Demography Working Group. https://formaldemography.github.io/working\_group/

Co-founder: R-Ladies Toronto

Women in Demography: Maintain a list of active scholars: https://www.monicaalexander.com/women\_scholars/

# **Professional Memberships**
